OF COUNSEL

Overview

Mindful of the necessary synergy between a client's business goals and litigation impact, Sue provides exceptional client service through substantive understanding and frequent communication with clients regarding case assessment and strategy. Her clients include mid and large-sized corporations, real estate developers, individuals and public entities.

Sue's sage counseling approach is backed by 20 years of experience litigating a broad range of complex matters in state and federal trial and appellate courts as well as in arbitration and other alternative dispute resolution proceedings. Her practice has a focus on insurance coverage litigation and construction law but frequently extends to matters involving lender liability, securities litigation, noncompete agreements, trade secrets, breach of contract, warranty claims, products liability and investor disputes.
