December 13, 2017 | 10:30 am - 12:00 pm

Employee classification issues are one of the hardest areas to tackle in wage and hour law. Exempt? Nonexempt? Salaried? Hourly?

Join Steve Jados for a fast paced webinar examining issues related to whether employees are exempt, nonexempt, salaried, hourly, or properly classified as an independent contractor. With January 1 around the corner, now is a perfect time to develop and implement compliance strategies – before an administrative agency audit or an employee-led charge, claim, or civil suit.
