

Defended a Construction Industry Client Against Claims by Union Benefit Funds that Claims the Client was the Purported Successor of a Prior Business Entity and Owed the Funds More than \$1 Million

SmithAmundsen defended a construction industry client against claims by union benefit funds that alleged the client was the purported successor of a prior business entity and therefore owed the funds more than \$1 million. The court granted summary judgment to SmithAmundsen's client, dismissing the claims and ruling that the evidence did not establish that the client could be held liable for the prior entity's obligations.
