

Defended a Physician and a Large Health Care System Against a Plaintiff's Claim Alleging medical Malpractice in a Failure to Diagnose a Tumor

Matthew Kees defended a physician and a large health care system against a plaintiff's claim alleging medical malpractice in a failure to diagnose a tumor over the course of many years. Following extensive discovery, a Daubert motion seeking to preclude the testimony of the plaintiff's primary expert witness was filed. The court granted the motion in its entirety and the plaintiff voluntarily dismissed their lawsuit against our clients.
